

Dear

We are so grateful for the outpouring of support and prayers for Chip on his trip through 6 countries of Central Africa over the past month. But beyond that, we are blown away by the response we are receiving within the WACA region of nationals desiring to commit their lives to reaching their own. God is faithful!

Here are highlights from the last 3 countries Chip has traveled to!

### **Equatorial Guinea**

***Monday, Feb 25, 2019***

*We flew from São Tomé to Equatorial Guinea. We were the first ones to check in, but when we got to Eq Guinea, only 1 of our 4 pieces of luggage arrived! The flight was only one hour with no stops in between. All I could surmise was that someone was either stealing our luggage or the Ceiba Air employees in São Tomé never loaded our luggage on the plane. We asked the Lord to somehow get our luggage to us in time to get the 18 Spanish LS units unloaded that were designated for Equatorial Guinea and before we left for Bangui, Central Africa Republic, knowing that it was extremely unlikely to ever see the luggage again once we left for CAR.*

Empty Plane Cargo

*For our first Pastor Meeting, Justin and I held two meetings simultaneously; Justin did one in French, and I did one in Spanish. Our days have*

been packed with meetings from morning into the night. We were invited to "an hour long prayer meeting" the first night, which turned into the pastor asking Justin to preach. After his sermon on "Obedience to the Heavenly Vision" (Acts 26:16-20), we did have an hour long prayer meeting. More than 10 people came forward to consecrate their lives to the Lord, to follow Him wherever He would lead. It was a holy moment of consecration.

The following morning, Justin called the Eq Guinea head of lost baggage. I was holding a session upstairs with the Spanish speakers, when his happy face rose through the floor as he came up the stairs. He exclaimed, "They found our luggage. It is here! They are taking me there to get it now." While he went to the airport, I ran back and forth between the French and Spanish training to do both. Hallelujah! Almost 50 LSUs were inside that luggage.  $50 * \$350 =$  a \$17,500 hard cost investment in expanding the kingdom!

*I AM SO BLESSED, AWESTRUCK AND HUMBLED TO SEE HOW GOD TRULY MOVED ON PEOPLE TO GET US OUR LUGGAGE...IN AFRICA! Thank you for joining us in faith-filled prayer.*

### **Central Africa Republic**

As we were heading to CAR, we made a short stop in Cameroon, where we stayed at a hotel overnight. In the morning, as we were preparing to go to the airport to head to CAR, Justin appeared at the room with a woman, who was very excited to see me. Justin said that she was the daughter of the hotel's owner. She had become a Christian, but had to weigh the cost. Kristen's father gave her an **ultimatum** to reject Jesus and keep her job at the hotel and it as her inheritance, or if she chose Jesus she would lose her job and the hotel as her inheritance. She chose Jesus and is full of the Lord's joy! Jesus is the pearl of great price!

Kristen w/Chip & Justin

*As we flew to Bangui, CAR, the man sitting next to me was returning from a Rick Warren conference in Rwanda. He was the previous president of the Alliance Association of Churches in CAR. Imagine that! He asked for our coordinator in CAR to call that afternoon. Wow! Everywhere we go, God goes before us and sets things up for "GREATER IMPACT." You couldn't write a book as amazing as what God has done on this trip alone!*

*We had more than 200 facilitators to train in CAR, but we could only leave behind 10 Live School units. May the Lord provide the units we need to train indigenous believers in CAR. Much of CAR is Christian...in name only. It is like a tinder box of wood, just waiting to be ignited, which Live School is sure to do. We must seize the open door we have. Our team there has a two year plan to see Live School used throughout the breadth of the country. Please pray for them. Most of the Church has neglected CAR, and there is still fighting in parts of the country from the war that seems to linger in places. There is a vast harvest of both the so-called reached and unreached in CAR. It is time to roll up our sleeves and work, while it is still day.*

*After we finished the training, the team presented gifts to Justin and me that brought me to tears.*

Training Facilitators in Bangui, CAR

Painting Given to Kathy & I as a Gift

### **Cameroon**

*Though I was in Cameroon last November, I decided I must come there again on this trip to meet Rev. Daniel MBIWAN, the General Superintendent of Full Gospel Mission, one of the largest denominations in Cameroon. A missionary friend to Cameroon from Burkina Faso introduced us on Whatsapp just before I purchased my international airline tickets. When we finally met each other, I was blessed to find out that he is all about the kingdom of God, not about a denomination. He sent 3 of his disciples to our training and came several hours himself to highlight the importance that Live School was to his "Timothy's." We hope that he will send us one or two to be trained in the Leadership Development Academy that Justin is hosting in*

Chad this fall, so that they can use Live School autonomously throughout their organization. Thank you for covering this with faith-filled prayer.

Pastor Daniel, Chip, Justin, & Bernard

*Originally, Justin, Paul and I were to fly from Yaounde to Garoua in the north of Cameroon, where Pascal prepared a Pastor Meeting and Facilitator Training for us. As it turned out, none of us went and Pascal had to do both meetings alone. Though he felt that doing the meeting alone was "like a baptism of fire," the Lord used this to motivate him even more "to advance the Kingdom of God." Hallelujah!*

*Pascal impacted the facilitators greatly when he showed them his own Live School students using Farming God's Way (FGW). As Grant Dreyden, the director of FGW says, "FGW is the Gospel with boots on!" Not only does FGW produce a blessing to the user, but as the unreached realize that we are genuinely seeking to bless them through these proven, superior farming practices, they open their ears to hear the real Good News! Farming God's Way is the game-changing course we added to Live School last year that has shifted things in our region into overdrive (Eph 3:20). The Lord continues to amaze us. He does all things well! To Him be all the glory, honor and praise!!*

Exposing Future Facilitators to Farming God's Way

We are so thankful for all God has done on this trip and blessed to have well trained teams to follow up and continue to expand His Kingdom, when we are gone. Thank you for joining us in prayer and giving! Together in Christ, we are making a difference in West and Central Africa.

In Him,

*May the Lord's blessings rest on you, that all nations might know  
His glory. (Genesis 12:1-3 & Psalms 67:1-2)*
